OVERVIEW

Jennifer is a highly regarded IP litigator who excels at breaking down complex concepts into persuasive legal arguments.

Jennifer represents Fortune 500 clients as well as emerging companies in connection with a wide variety of intellectual property litigation. She has served as lead trial counsel in numerous venues across the country, representing plaintiffs and defendants in both state and federal courts, and at the USPTO and ITC. Matters she handles include:

- Patent
- Trademark
- Copyright
- Trade secrets
- Advertising

She has substantial experience in key intellectual property venues, including arguing appeals before the Federal Circuit, *inter partes* review proceedings before the Patent Trial and Appeal Board (PTAB), trials before the International Trade Commission, and Trademark Trial and Appeal Board (TTAB) oppositions and cancellations.

Experience

- Won ITC trial for complainant related to biotechnological invention.
- Won ITC trial for respondent resulting in findings of non-infringement, unenforceability and lack of domestic industry,
- Successfully represented several Fortune 100 companies as patent infringement plaintiffs.
- Secured summary judgment for one of nation's largest nonprofit hospitals in trademark infringement suit in federal court.
- Defended international gaming client in copyright infringement lawsuit against competitor in U.S. District Court, District of New Jersey.
- Successfully petitioned Trademark Trial and Appeal Board (TTAB) at U.S. Patent and Trademark Office (USPTO) on behalf of feminine hygiene product client to cancel competitor's trademark and sustained its opposition to three other trademark filings filed by same competitor.
- Successfully opposed trademark application for Fortune 500 multinational consumer products company involving competitor's mark before TTAB.
- Successfully opposed trademark registration for multinational personal care company regarding competing mark through trial and decision before TTAB.
- Successfully resolved trademark lawsuit in favor of large health care conglomerate.
- Obtained summary judgment and favorable resolution for major manufacturer, regarding six patents in U.S. District Court, Eastern District of Missouri.
- Won multimillion-dollar jury verdict of patent infringement for trace detection equipment in U.S. District Court, Eastern District of Virginia.
- Invalidated landscaping patent for global manufacturer after jury trial in U.S. District Court, Eastern District of Missouri.

Experience

- Earned a high-profile victory for wireless company before the Patent Trial and Appeal Board (PTAB), knocking out all disputed patent claims (175 in total) across eight related IPR petitions. The Board also reversed its previous stance on several patentability issues at stake in the IPRs, instead finding in the Final Written Decisions that the full record supported the client's arguments.
- Defended bank in a trademark dispute in the United States District Court of Colorado and sought naming rights in front of the Colorado Banking Board. Handled a preliminary injunction hearing and several hearings in front of the Colorado Banking Board. Resulted in a negotiated resolution.
- Prevailed before the U.S. Court of Appeals for the Federal Circuit on behalf of Sotera Wireless as it successfully invalidated eight of a competitor's patents in final, non-appealable judgments. Husch Blackwell had previously knocked out all disputed patent claims—175 in total—across eight related inter partes review (IPR) petitions before the Patent Trial and Appeal Board (PTAB) of the United States Patent and Trademark Office, resulting in a precedential PTAB decision that provides a strategy for petitioners to avoid discretionary denial of IPR under the *Fintiv* factors. (Not all decisions by PTAB are marked precedential, but the Board found Husch Blackwell's arguments and methods so useful that it marked this decision precedential to help future IPR parties in navigating PTAB procedure. - Representing group of companies defending patent infringement claims relating to safety circuitry, USB technology, and battery management systems for lithium-ion battery packs in portable power supplies. Case ongoing before the United States International Trade Commission.
