Benchmark Litigation identifies the leading U.S. trial attorneys and firms at the local and national levels. Focused exclusively on the U.S. litigation market, the publication's rankings and editorials are the result of extensive interviews with private practice lawyers and in-house counsel. The guide's "local litigation stars" are recommended by peers and clients to have established consistent reputations as trial attorneys, while "future stars" are those litigators who are highlighted as likely to become "local litigation stars" in coming editions.
