# 2025 Pro Bono & Community Impact Report

In 2025, our attorneys and business professionals united to deliver meaningful impact across communities nationwide. By addressing critical legal needs, empowering under-resourced entrepreneurs, and supporting vital causes, we built on more than a century of pro bono excellence advancing our legacy through purposeful action and measurable results.

This past year, we strengthened our communities by:

donating 22,914 pro bono hours, totaling \$12.8M in value

assisting 135 entrepreneurs and small businesses through our Communities for Change initiative

donating more than \$2.4M to nonprofits across the country

participating in 1,584 volunteer hours across firm-sponsored projects

Our 2025 Pro Bono & Community Impact Report showcases the outcomes behind these efforts.
