Husch Blackwell Ranked No. 3 for Fourth Consecutive Year in *Construction Executive's* Annual Top 50 Construction Law Firms™ List

Construction Executive magazine has listed Husch Blackwell third in the eighth annual Top 50 Construction Law Firms™ rankings, which appear in the magazine's July/August 2026 issue. This marks the fourth consecutive year Husch Blackwell has appeared in the Top 3.

For more than 20 years, *Construction Executive* has been the leading trade magazine covering the business of construction. In its July/August 2026 issue, CE published a comprehensive ranking of The Top 50 Construction Law Firms™ featuring breakouts and analysis accompanied by an article in which leading attorneys discuss their construction clients' most pressing business concerns.

To determine the ranking, CE asked hundreds of U.S. law firms with construction practices to complete a survey. Data collected included: 1) 2025 revenues from the firm's construction practice; 2) number of attorneys in the firm's construction practice; 3) percentage of firm's total revenues derived from its construction practice; 4) number of states in which the firm is licensed to practice; 5) year in which the construction practice was established; and 6) the number of Architecture, Engineering and Construction clients served during fiscal year 2025. The ranking was determined by an algorithm that weighted these factors in descending order of importance.
