Husch Blackwell Guides Green Plains in \$225 Million Credit Facility Placement

A Husch Blackwell Biofuels team, led by Partner David Gardels, assisted Green Plains Inc., in the completion of a \$225 million senior secured credit facility. The facility provides Green Plains with increased cash flow and greater access to capital markets. Based in Omaha, Neb., Green Plains is a vertically integrated ethanol producer with 12 plants located throughout the Midwest capable of producing one billion gallons of ethanol annually.

More information is available in the related Green Plains news release.
