American Bar Association's Health Law Section Recognizes Husch Blackwell as a Top 10 Firm in its Midwest and South Regions

Husch Blackwell was recognized as a Top 10 firm in the American Bar Association Health Law Section's first Annual Regional Law Firm Recognition program, in its Midwest and South regions. The firm ranked No. 2 on the Midwest list and No. 6 on the South list. The regional listings identified firms with the most members in the ABA Health Law Section in 2013.

The ABA Health Law Section places emphasis on regional member participation because America's healthcare is inherently regional in its organization and delivery. The law firm recognition program recognizes the top 10 law firms in the following regions: Midwest, Northeast, South, Southeast and West. The Section has 10,600 members across the United States representing clients in all segments of the healthcare industry.

Earlier this year, Husch Blackwell's Healthcare, Life Sciences & Pharmaceuticals industry team was also named by the American Health Lawyers Association and Modern Healthcare as one of the largest healthcare practices in the country.

Husch Blackwell's Healthcare, Life Sciences & Pharmaceuticals industry team of more than 130 attorneys has extensive experience representing clients in all types of litigation, regulatory enforcement actions and investigations covering all facets of the industry. Several members of the team have been recognized in *Chambers USA* and *Best Lawyers* in the area of healthcare law.
