Husch Blackwell is pleased to announce its sponsorship of Startup Milwaukee's TANGIBLE series. The new quarterly program series will focus on consumer product startup companies in southeastern Wisconsin, and each installment will feature pitches from startups. Consumer product startups pitching at the first event will include Leashless Lab, LiteZilla, Madalyn Joy Designs, Sleepiphany, and The Central Standard Craft Distillery.

The inaugural TANGIBLE program will be hosted at the Central Standard Craft Distillery's production facility located on Milwaukee's Near West Side on May 9, 6–8pm. The event is free and open to the public, although registration is required.

Husch Blackwell's Startups practice group represents entrepreneurs and investors across all industries with the full range of legal and business challenges early-stage companies encounter, including financing, intellectual property, corporate governance and securities, and labor and employment, among other areas.
