Superior client outcomes begin with the dedication, talent and insight of Husch Blackwell attorneys. When team members move on from the firm, they make significant contributions across industries and in varied work environments, and we’re proud to have been part of their success. We value and appreciate ongoing collaborative relationships with our alumni.

We encourage all Husch Blackwell alumni to join our LinkedIn group and update their contact information in our alumni directory. We offer information about fellow alumni and current Husch Blackwell attorneys, firm news, social events, CLEs and webinars.

**Mission Statement**

The Husch Blackwell Alumni Program aspires to be the primary linkage between the firm and its family of alumni across the country. This program will encourage alumni to stay connected and serve as advocates for the firm. We’ll foster a mutually beneficial relationship by supporting regular communication and programming in order to strengthen alumni bonds of fellowship and professional association.

We look forward to remaining in contact with our former colleagues and friends.
