Lexis Practice Advisor®: Business Continuity and Emergency Planning Checklist and Emergency Action Plan

Erik Dullea and Stephanie Kaiser authored two pieces for Lexis Practice Advisor®:

1. A Business Continuity and Emergency Planning Checklist that provides best practices for developing business continuity plans (BCP), Emergency Action Plans (EAP), and Disaster Response Plans. It provides policies and procedures that employers should implement if there is a significant disruption to an employer's business, which could include pandemics like the coronavirus (COVID-19). Download the complete Checklist.

2. An Emergency Action Plan (EAP) that employers can use to respond to emergencies that pose hazards to employees in the workplace. This form contains practical guidance, drafting notes, and alternate clauses. Download the complete EAP.
