Husch Blackwell Ranked a Top 15 Construction Law Firm by *Construction Executive* Magazine for Second Consecutive Year

Construction Executive magazine has listed Husch Blackwell in its third annual Top 50 Construction Law Firms™ rankings. Overall, Husch Blackwell placed 14th in the rankings, appearing in the magazine's June 2021 issue.

Construction Executive developed the ranking by surveying U.S. construction law firms regarding 2020 revenues from each firm's construction practice; number of attorneys in the firm's construction practice; percentage of firm's total revenues derived from its construction practice; number of states in which the firm is licensed to practice; year in which the construction practice was established; and the number of architecture, engineering, and construction clients served during fiscal year 2020. The ranking was determined by an algorithm that weighted the aforementioned factors.

“The continued recognition of our team in this annual ranking speaks to the depth and scope of our practice,” said Husch Blackwell partner Josh Levy. “2020 was a strange and difficult year across the construction industry, and we were gratified that so many clients sought us out as their most trusted advisors.”
