Husch Blackwell's O'Day Elected to Wisconsin Medical Society Foundation Board of Trustees

Husch Blackwell is pleased to announce that Tom O'Day has been appointed to a three-year term on the Board of Trustees of the Wisconsin Medical Society Foundation.

A partner in the firm's Madison office, O'Day is a member of Husch Blackwell's Healthcare, Education & Life Sciences industry group and its Labor & Employment team. He counsels hospitals, physician groups, health systems and individual providers on complex employment and medical staff matters.

The Foundation is dedicated to improving the health of the people of Wisconsin by supporting medical education and health initiatives. The Wisconsin Medical Society created the Foundation in 1955 as a distinct entity with its own governance in order to separate its traditional advocacy role from the Foundation's charitable role and allow physicians of the state a way to focus their philanthropy on health issues.
