2023 Pro Bono & Community Impact Report

In 2023, our attorneys and business professionals made significant contributions to the communities where we live and work nationwide. Pro bono legal services have been a cornerstone of our culture for more than a century, and we continue to build on that foundation through increased community impact and philanthropic efforts.

This past year, we served our communities by:

donating nearly 27,000 pro bono hours, totaling \$12.5M in value

assisting 118 minority-owned underrepresented small businesses and entrepreneurs through our Communities for Change initiative

donating \$2.1M to nonprofits across the country

participating in 1,737 volunteer hours across a variety of firm-sponsored projects

Our 2023 Pro Bono & Community Impact Report showcases the stories behind this service, from assisting a Missouri prisoner in a court-appointed federal civil rights case to coming together as a firm to give back in the 9/11 National Day of Service.
