Legal Insights for Manufacturing: Outlook for 2025

Our downloadable report, *Legal Insights for Manufacturing*, explores the many overlapping challenges manufacturers face and how those challenges are impacting business strategy. This year, our report covers the following areas:

Regulatory & Compliance

Labor and Employment

Artificial Intelligence

Cybersecurity

Product Liability, Safety & Marketing

International Trade

Transportation & Logistics

Corporate Transactions

This year's report also includes a special spotlight section devoted to the evolving federal and state regulations concerning PFAS.
