OVERVIEW

Chris provides thorough assistance to attorneys, clients, and business stakeholders in a wide range of M&A and corporate transactions.

Chris supports attorneys and clients in corporate governance, mergers and acquisitions, securities compliance, entity management, and legal operations. He has extensive experience assisting with complex transactions, including due diligence, virtual data room management, closing coordination, and post-closing compliance activities.

Chris assists on a broad range of corporate matters, including entity formation and maintenance, corporate governance documentation, UCC filings, Form D filings, Blue Sky compliance, and Corporate Transparency Act (CTA) reporting. He also has significant legal operations experience in contract lifecycle management, legal technology implementation, matter management, and process improvement initiatives.

Known for his diligence, responsiveness, and collaborative approach, Chris helps clients navigate complex legal and regulatory requirements while supporting efficient, scalable business operations.
