OVERVIEW

Drew offers clients legal solutions alongside healthcare regulatory experience. He practices from Cincinnati, Ohio as a member of our virtual office, The Link.

During the first seven years of rolling out the Affordable Care Act (ACA), Drew worked inside the country's largest pharmacy benefit management organization on regulatory issues, compliance and client solutions. At this Fortune 100 company, he gained broad knowledge of legal areas such as:

- Health Insurance Portability and Accountability Act of 1996 (HIPAA)
- Employee Retirement Income Security Act of 1974 (ERISA)
- Patient Protection and Affordable Care Act (PPACA)

"I found Drew's Catholicity Agreement to be very well done. It covers a range of significant issues with great specificity and with sound explanations. I reviewed several template Catholic identity agreements that [we] have on file and I found the Catholicity Agreement to be the best organized and most detailed agreement among the group."
