OVERVIEW

Liz enjoys helping clients and attorneys move intellectual property matters forward.

Liz assists clients and legal teams with domestic and international patent and trademark applications, as well as with U.S. copyright registrations. She works with individuals, small companies and startups across a wide range of industries.

A detail-oriented professional with a decade of experience in the legal field, Liz offers client-innovators and attorney teams streamlining and systemization on every matter she facilitates. Liz understands that such efficiencies save clients time and costs. She values the opportunity to collaborate on the team advocating for clients' most important developments and ideas.
