OVERVIEW

Focusing on mass tort litigation, Manuel assists attorney teams with the deadlines and details of complex cases.

With more than 25 years of experience in the legal field, Manuel helps clients and attorneys as they navigate asbestos litigation, product liability matters and premises liability claims in state and federals courts. He assists with file management, complex tort deposition documentation, research, ordering necessary transcripts and a range of other detailed work that keeps client cases moving forward efficiently and on deadline.

When preparing material for the court, Manuel is adept at using quickly evolving new software and technology that optimizes cost efficiency, systemizes project management and improves the ways attorneys can access, analyze and store data.
