OVERVIEW

With experience inside state regulatory agencies, Steve advises healthcare clients on regulatory compliance and corporate transactions.

Steve's background includes holding positions in the Massachusetts Executive Office of Health and Human Services (EOHHS), where he oversaw legislative efforts and government affairs for EOHHS and its associated agencies.

Today, Steve devotes much of his practice to corporate law and regulatory compliance for healthcare organizations, including academic medical centers, community hospitals, skilled nursing facilities, and provider groups. Steve's background with EOHHS means that he understands the internal workings of a vast state healthcare system. He understands how Massachusetts' state agencies work together, as well as how cross-agency services are regulated. Steve knows the right questions to ask to resolve client issues and to develop creative solutions to client challenges.
