OVERVIEW

Lisa has over 16 years of paralegal experience, with a focus on intellectual property since 2010.

Lisa has always been intrigued by the fields of law and psychology. Her background in these areas enhances her ability to build relationships and provide exceptional service to her colleagues and clients. She is inspired by the impact that innovation and the advancement of science have on the quality of life.

Lisa has extensive experience assisting attorneys with U.S., international, and foreign patent prosecution working in both corporate and law firm environments. She is known for her organization skills and attention to detail. Lisa enjoys collaborating with others to improve efficiencies that support successful outcomes for clients.
