

STATE & LOCAL TAX (SALT) LITIGATION

Husch Blackwell's State & Local Tax (SaLT) Litigation lawyers work closely with clients to resolve state and local tax controversies during audits and administrative appeals, reducing overall cost and minimizing the time clients are diverted from their core business activities.

We recognize that successful advocacy comes in many shapes and sizes. Sometimes we work behind the scenes to advise our clients and their general counsel, tax managers and accountants. Other times we take the lead in audit defense. Either way, if litigation cannot be avoided, Husch Blackwell's skilled SaLT Litigation attorney team achieves the best possible results in court.
